GESTORES BIBLIOGRÁFICOS

15 Febrero 2019

Francisco Rivas Ruiz

INDICE

- ❖ ¿Por qué utilizarlos?
- ❖ Mendeley – Aspectos básicos
- ❖ Mendeley Desktop
- ❖ Aprender practicando

¿Por qué utilizar gestores de referencias bibliográficas?

Una definición:

Las **referencias bibliográficas** son la manifestación material del enlace que existe entre la investigación que se expone y la precedente

Las referencias bibliográficas son **imprescindibles** en ámbito científico para:

- Prestar fiabilidad a la información, documentando su origen
- Corregir o discutir las afirmaciones previas de otros autores
- Reconocer el trabajo de investigadores que han contribuido al desarrollo de un campo de conocimiento
- Cumplir con el principio ético de no plagiar material ajeno

JUSTIFICACIÓN

Principal problema: La gestión de la información bibliográfica consume mucho tiempo

Vicios: No se hacen fichas bibliográficas, solo se recoge información en PDF archivados en carpetas, desorganización en nombres, desubicación de ficheros en diferentes ordenadores,...

Consecuencias: Escribir un trabajo científico (artículo o tesis) toma mucho más tiempo del necesario...reenumerar o reformatear citas bibliográficas es una pesadilla!!!

SOLUCIÓN

Los programas **gestores de referencias** bibliográficas actuales permiten:

- Capturar los datos bibliográficos desde Internet
- Archivarlos de forma ordenada
- Sincronizarlos entre ordenadores (y pendrives)
- Compartirlos con compañeros/difundirlos
- Aplicarlos como citas numeradas en un documento de texto y con el estilo final requerido por cada editorial

Hay numerosos gestores de referencias bibliográficas con **licencia de pago** como de **acceso abierto**:

MENDELEY

Mendeleev – Aspectos básicos

QUÉ OFRECE MENDELEY

- Crear una biblioteca personal
- Importar documentos (pdf) a la biblioteca personal y organizarlos en carpetas
- Compartir: crear grupos públicos y privados, compartir documentos y trabajar colaborativamente, descubrir referencias bibliográficas incorporadas por otros usuarios
- Añadir citas en procesadores de texto y generar bibliografías
- Crear un perfil personal con el CV, publicaciones y

QUÉ ES MENDELEY

- Es un gestor bibliográfico que combina una plataforma web con una versión de escritorio
- **Ventajas:** Filosofía Open Access + Multiplataforma + Actualización continua + Amplio uso en ámbito anglosajón + Intuitivo

MENDELEY versión WEB

The screenshot displays the Mendeley web interface. At the top, a navigation bar includes 'Feed' (underlined), 'Library', 'Suggest', 'Groups', 'Datasets', 'Careers', and 'Funding'. A search icon and 'Search' are on the right, along with a notification bell with a '2' badge and a user profile for 'Francisco'. Below the navigation is a post creation area with 'Attach documents' and 'Attach images' buttons, and a text input field 'Share a post... use @ to mention someone'. A 'Post' button is visible. Below this is a section 'Discover researchers on Mendeley' featuring two profiles: 'Alvaro Teijeira' from 'Universidad de Navarra' and 'Mentxu Ochoa' with the bio 'Following the people you follow'. At the bottom, a post by 'emilio sanchez-cantalejo' is shown, titled 'Circulating Osteopontin and Prediction of Hepatocellular Carcinoma Development in a Large European Population', with a dropdown arrow.

MENDELEY versión ESCRITORIO

Gestión de referencias / Citas por carpeta / Información de cita seleccionada

The screenshot displays the Mendeley Desktop application interface, which is divided into several key sections:

- Top Menu and Toolbar:** Includes 'File', 'Edit', 'View', 'Tools', and 'Help' menus, along with icons for adding files, managing folders, and sharing.
- My Library:** A sidebar on the left showing a hierarchical view of the user's library, including folders like 'All Documents', 'Recently Added', and '0 AEPap 2019 - Gestores Bibliográficos'. A 'Filter by Authors' dropdown is also present.
- Reference List:** The central pane shows a list of references. The selected entry is: '18. Wager E, Middleton P. Technical editing of research reports in biomedical journals. Cochrane database Syst Rev. 2008;:MR000002.' Other entries include works by Mertens S, Murpree L, and Steele SE.
- Details Panel:** On the right, a detailed view of the selected citation is shown, including the title 'Technical editing of research reports in biomedical journals', authors 'E. Wager, P. Middleton', journal 'The Cochrane database of systematic reviews', year '2008', issue '4', and pages 'MR000002'. An abstract section follows, providing background and objectives of the review.

- The database back-up feature has been restored.
- We fixed bugs that were causing the app to crash during:
 - Sync
 - PDF import; and
 - Opening a corrupted database
- We also fixed two bugs relating to sync causing:
 - Incorrect sync for users using the app on more than one machine
 - Sync to fail when the user profile was not synced

The screenshot displays the Mendeley Desktop application window. The title bar reads "Mendeley Desktop". The menu bar includes "File", "Edit", "View", "Tools", and "Help". The toolbar contains icons for "Add Files", "Folders", "Related", "Share", and "Sync". The main interface is divided into a left sidebar and a central pane. The sidebar, titled "Mendeley", contains a "Literature Search" field and a "My Library" section with various categories like "All Documents", "Recently Added", "Favorites", and "My Publications". The central pane, also titled "Literature Search", shows a search input field with the text "childhood asthma". Below the search bar, the "Search Results" section lists several academic articles related to childhood asthma, including titles like "Measuring childhood asthma prevalence before and after the 1997 redesign of the National Health Interview Survey--Uni" and "Recruitment of participants in the Childhood Asthma Management Program (CAMP). I. Description of methods".

The screenshot shows a web browser window with the URL <https://www.ncbi.nlm.nih.gov/pubmed/?term=breastfeeding+benefits>. The page is from the NCBI (National Center for Biotechnology Information) website, specifically the PubMed database. The search term is "breastfeeding benefits".

The main content area displays search results. At the top, there are options for "Format: Summary", "Sort by: Most Recent", and "Per page: 20". Below this, a section titled "Best matches for breastfeeding benefits:" lists three articles:

- [The maternal health benefits of breastfeeding.](#) Schwarz EB et al. Am Fam Physician. (2015)
- [Breastfeeding after Gestational Diabetes: Does Perceived Benefits Mediate the Relationship?](#) Wallenborn JT et al. J Pregnancy. (2017)
- [Breastfeeding Considerations for Mothers of Infants with Neonatal Abstinence Syndrome.](#) Holmes AP et al. Pharmacotherapy. (2017)

A button labeled "Switch to our new best match sort order" is visible below these results.

The "Search results" section shows "Items: 1 to 20 of 2588". The first result is:

- [Feasibility and Acceptability of a Checklist and Learning Collaborative to Promote Quality and Safety in the Perinatal Care of Women with Opioid Use Disorders.](#)
Goodman D, Zagaria AB, Flanagan V, Deselle FS, Hitchings AR, Maloney R, Small TA, Vergo AV, Bruce ML.
J Midwifery Womens Health. 2019 Jan;64(1):104-111. doi: 10.1111/jmwh.12943.
PMID: 30695159
[Similar articles](#)

The right sidebar, titled "Web Library", is open and shows a list of items. The first item is the same as the first search result, with a "Details >" link. The second item is "Adherence to initial exclusive breastfeeding among Chinese born and native Spanish mothers." by Aguilar-Ortega J, González-Pascual J, Cardenete-Reyes C, et al. BMC pregnancy and childbirth, 2019. The third item is "Postpartum Depression: Pathophysiology, Treatment, and Emerging Therapeutics." by Stewart D, Vigod S. Annual review of medicine, 2019.

The screenshot displays the PubMed website interface. At the top, there is a navigation bar with 'NCBI Resources' and 'How To' menus, and a 'Sign in to NCBI' link. Below this is the 'PubMed.gov' logo and a search bar containing the query 'overweight and children and perceptions and parent and spain'. A 'Search' button is located to the right of the search bar. Below the search bar, there are links for 'Create RSS', 'Create alert', and 'Advanced'. On the left side, there are several filter categories: 'Article types' (Clinical Trial, Review, Customize...), 'Text availability' (Abstract, Free full text, Full text), 'Publication dates' (6 years, 10 years, Custom range...), and 'Species' (Humans, Other Animals). The main content area shows search results with a 'Format: Summary' dropdown, 'Sort by: Most Recent' dropdown, and 'Per page: 20' dropdown. The search results list includes three items, each with a checkbox, a title, authors, journal information, and PMID. A 'Searching...' button is visible below each result. A 'Choose Destination' dialog box is open in the center, showing options for 'File', 'Clipboard', 'Collections', 'E-mail', 'Order', 'My Bibliography', and 'Citation manager'. The 'Citation manager' option is selected. Below the dialog box, there are options to 'Generate a file for use with external citation management software...' and 'Download 4 citations.', along with a 'Create File' button. On the right side, there is a 'Send to' dropdown menu, a 'Filters: Manage Filters' link, and a 'Most recent' button. Below this is a 'Search details' section with a search query: '("overweight"[MeSH Terms] OR "overweight"[All Fields]) AND ("child"[MeSH Terms] OR "child"[All Fields] OR "children"[All Fields]) AND ("perception"[MeSH Terms] OR ...)'. A 'Search' button and a 'See more...' link are present. At the bottom right, there is a 'Recent Activity' section with a 'Turn Off' link and a 'Clear' link, and two search results listed.

The image shows a screenshot of a web browser displaying a PubMed article. The browser's address bar shows the URL: <https://www.ncbi.nlm.nih.gov/pubmed/21663923>. The page header includes the NCBI logo and navigation options like 'Resources' and 'How To'. The article title is "[Prognostic factors and long-term survival after initial diagnosis of heart failure]". Below the title, it lists authors: Quirós López R¹, García Alegría J, Martín Escalante MD, Trujillo Santos J, Villena Ruiz MÁ, Perea Milla E. The abstract text is visible, starting with "BACKGROUND AND OBJECTIVE: To assess long-term mortality and prognostic factors after initial diagnosis of heart failure (HF)..." and "RESULTS: Out of 400 incident cases of heart failure, 231 patients (57,7%) presented with HFPEF. At 10 years, mortality rates were higher in the HFSD group (64,5 vs. 55,4%, p=0,04)."

A sidebar on the right side of the page, titled "Web Library", is open. It shows the article's title in Spanish: "Factores pronósticos y supervivencia a largo plazo tras el diagnóstico inicial de insuficiencia cardíaca". It also lists the authors and the journal "Medicina Clínica". At the bottom of the sidebar, the DOI is shown as "10.1016/j.medcli.2011.03.03".

A notification box at the bottom left of the page says "PDF found Elsevier E" and includes a "View PDF" button. Below this, the PMID (21663923) and DOI (10.1016/j.medcli.2011.03.031) are displayed.

Green dashed arrows point from the word "Kopernio" to the browser's address bar and the sidebar area.

Estimation of the real population and its impact on the utilisation of healthcare services in Mediterranean resort regions: an ecological ...

Authors: E. Perea-Milla, S. Pons, F. Rivas-Ruiz et al.

 View research catalog entry for this paper

Journal: *BMC health services research*

Year: 2007

Volume: 7

Issue:

Pages: 13

Abstract:

BACKGROUND: The demographic structure has a significant influence on the use of healthcare services, as does the size of the population denominators. Very few studies have been published on methods for estimating the real population such as tourist resorts. The lack of information about these problems means there is a corresponding lack of information about the behaviour of populational denominators (the floating population or tourist load) and the effect of this on the use of healthcare services. The objectives of the study were: a) To determine the Municipal Solid Waste (MSW) ratio, per person per day, among populations of known size; b) to estimate, by means of this ratio, the real population in an area where tou...

Hepatic steatosis and severity-related factors in obese child...

Authors: J. Navarro-Jarabo, E. Ubina-Aznar, L. Tapia-Ceballos et al.

View research catalog entry for this paper

Journal: *Journal of gastroenterology and hepatology*

Year: 2013

Volume: 28

Issue: 9

Pages: 1532-1538

Abstract:

BACKGROUND AND AIM: Obesity is an important health-care problem in developed countries. It is considered a multisystemic disease, but it may also affect the liver, thus provoking non-alcoholic fatty liver disease. This disease has been less extensively studied among children than among adults. We propose to analyze the prevalence of hepatic steatosis among a pediatric population within an area in southern Europe besides the variables associated with its development and severity. METHODS: Cross-sectional study carried out on a population of children aged 6-14 years inclusive, using abdominal ultrasound as a method to determine the presence and severity of hepatic steatosis; in addition, anthropometric and blood-tested p...

The screenshot shows the Mendeley Desktop application interface. At the top, there is a menu bar with 'File', 'Edit', 'View', 'Tools', and 'Help'. Below the menu bar is a toolbar with icons for 'Add Files', 'Folders', 'Related', 'Share', and 'Sync'. The main window displays a list of references under the group 'Fragilidad en Atención primaria'. The list includes a search bar, a 'Format Citation' button, and a list of references with columns for citation details and dates. A 'Mark as unread' tooltip is visible over the third reference.

My Library Outdoor sports and ris...

Outdoor sports and risk of UV radiation-related skin lesions in children, E. Mahé et al. 363

Table 1. Melanocytic nevus (MN) count in 660 children taking part (n = 344) or not taking part (n = 316) in outdoor sports* (mean \pm SD)

	Melanocytic nevus count				Total
	< 2 mm	> 2 mm	Back	Arms	
No. MN in 2007					
Outdoor sport	14.0 \pm 7.1	3.3 \pm 3.8	6.6 \pm 4.8	10.6 \pm 6.1	17.3 \pm 9.7
No outdoor sport	12.9 \pm 7.6	3.2 \pm 4.6	6.0 \pm 5.0	10.1 \pm 6.9	16.2 \pm 10.8
No. MN in 2009					
Outdoor sport	17.2 \pm 8.1**	5.0 \pm 5.7	9.4 \pm 6.5 [†]	12.8 \pm 7.0	22.1 \pm 12.2 [†]
No outdoor sport	15.0 \pm 8.6	4.8 \pm 6.0	8.1 \pm 6.5	11.7 \pm 7.6	19.9 \pm 13.0
No. new MN in 2009 vs. 2007					
Outdoor sport	3.3 \pm 4.7 [†]	2.4 \pm 3.5	2.8 \pm 3.5 [†]	2.3 \pm 3.9 [†]	5.0 \pm 6.0 [†]
No outdoor sport	2.1 \pm 5.3	2.2 \pm 3.3	2.1 \pm 3.4	1.6 \pm 4.9	3.7 \pm 6.5

*Sporting activity was evaluated in 2009. The outdoor sports were soccer (30.9%), tennis (30.9%), riding (21.8%), cycling (5.7%), rugby (5.3%), athletics (4.6%), multisports activity (3.4%), climbing (1.9%), golf (1.9%), rollerskating (1.1%), canoeing (0.8%), French bowls (0.4%) and archery (0.4%).
[†]P < 0.05; [‡]P < 0.01; ^{**}P < 0.001 when we compared the MN count of children who practise outdoor sports vs. those who do not.

sporting activity had more MN (22.1 vs. 19.9, P = 0.001). Most of these measured < 2 mm (17.2 vs. 15.0, P = 0.001). Children who took part in outdoor sport had more MN on their backs (9.4 vs. 8.1, P = 0.0028) (Table 1). We evaluated the number of MN acquired since 2007, these densities were also statistically significant. Results were independent of SP (data not shown). Boys showed an increase in back MN count (10.2 vs. 8.6, P = 0.022), but girls did not (data not shown).

Soccer competition: prevention

Of the 38 soccer players evaluated, 8 (21.1%) wore a cap, 13 (34.2%) had applied sunscreen, and 0 wore sunglasses. If good sun-protection clothing measures for spectators are considered to be using a hat or a cap, wearing long sleeves, skirts

- ❖ Importar referencias y documentos
- ❖ Editar registros
- ❖ Organizar documentos
- ❖ Trabajar con documentos
- ❖ **Citas y bibliografía**
- ❖ Otros recursos

Mendeley Escritorio: CITAR Y CREAR BIBLIOGRAFÍA

El primer paso para poder insertar referencias y crear bibliografía es instalar el Plugin específico

Ofrece versión de **Word** de Microsoft Office como **LibreOffice**

Mendeley Escritorio: CITAR Y CREAR BIBLIOGRAFÍA

The screenshot shows the Mendeley Desktop interface. The 'View' menu is open, showing options for 'Library as Table' and 'Library as Citations'. The 'Citation Style' submenu is also open, listing various styles such as 'Advances in Nutrition', 'American Journal of Obstetrics Gynecology', 'American Psychological Association 6th edition', 'Anales de Pediatría (Spanish)', 'Archives of Gerontology and Geriatrics', 'Journal of Emergency Nursing', 'Medicina Clínica (Spanish)', 'National Library of Medicine', 'Taylor Francis - National Library of Medicine', 'Vancouver', 'More Styles...', and 'Journal Abbreviations...'. A list of references is visible in the background, including entries from ICMJE, Equator Network, FECYT, and J Exp Psychol.

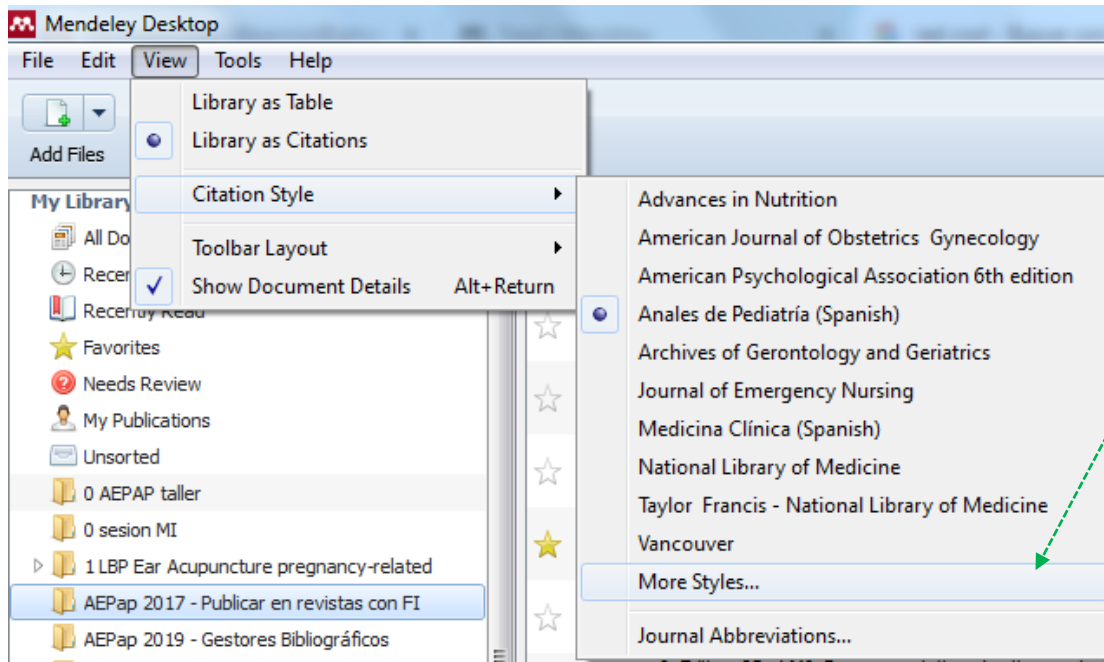

Se puede visualizar las citas en formato tabla o como se cita en estilo que se indique

Mendeley ofrece por defecto estilos de citación más utilizados (Vancouver, APA 6th edition, NLM)

Se pueden instalar estilos específicos de mayoría de revistas

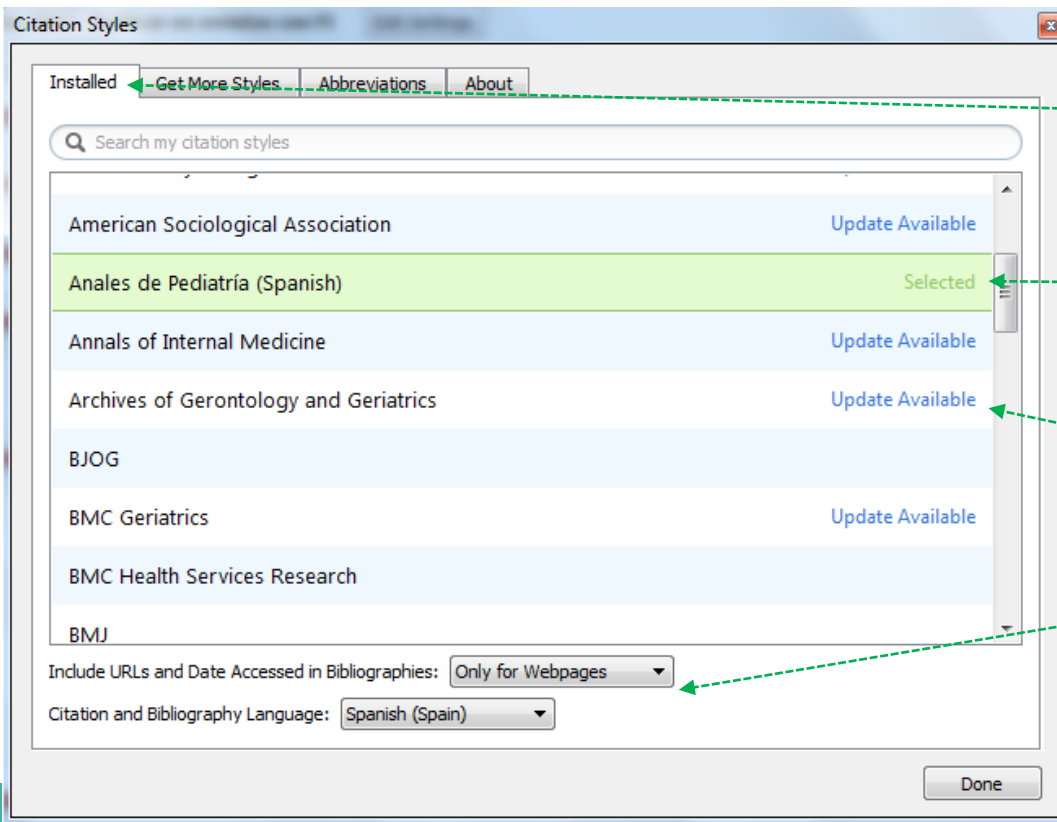

Mendeley Escritorio: CITAR Y CREAR BIBLIOGRAFÍA

En **más estilos** se pueden buscar alternativas

Mendeley Escritorio: CITAR Y CREAR BIBLIOGRAFÍA

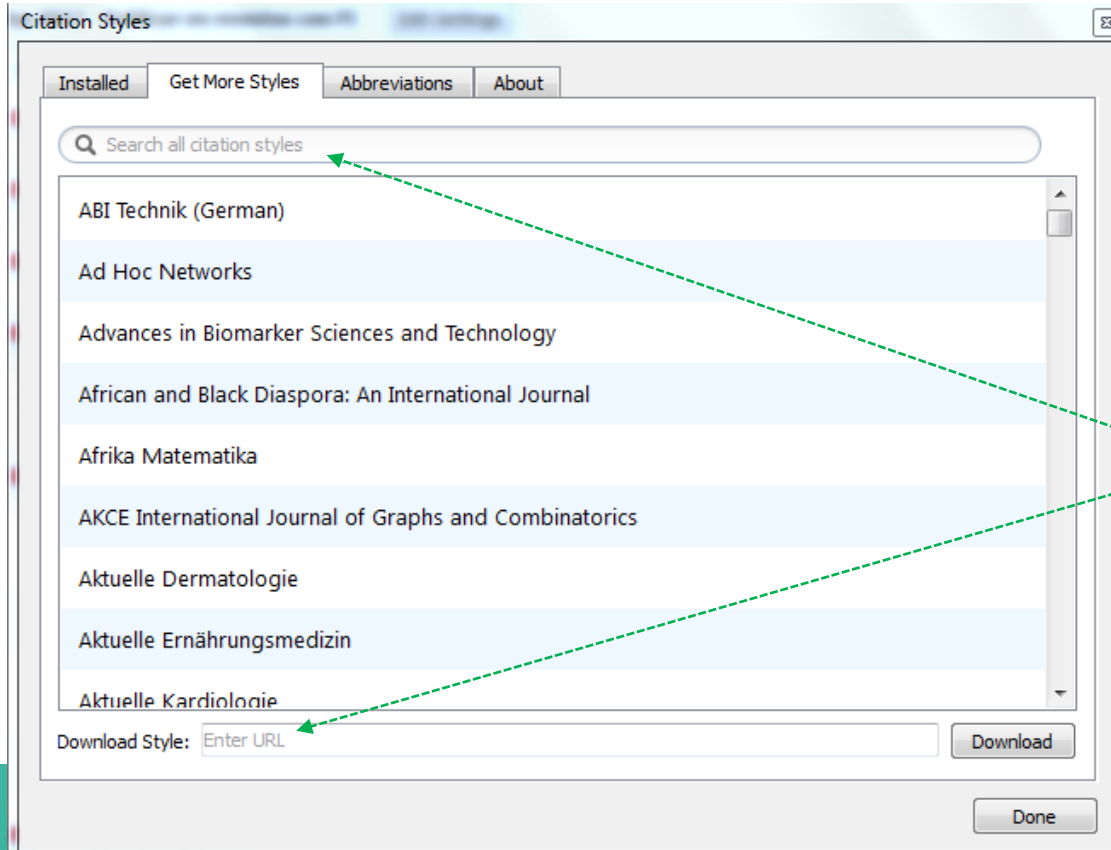

Pestaña para visualizar estilos instalados

Estilo seleccionado

Estilo disponible para actualizar

Opciones de inclusión de URL y lenguaje a usar en la citación

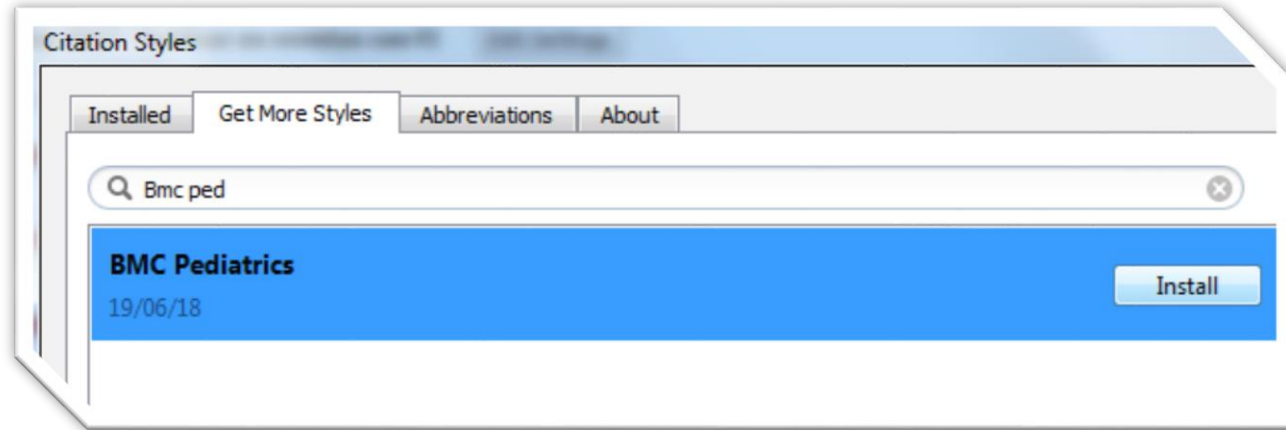

Mendeley Escritorio: CITAR Y CREAR BIBLIOGRAFÍA

Se pueden conseguir más estilos

Mediante buscador o con URL de la revista

Mendeley Escritorio: CITAR Y CREAR BIBLIOGRAFÍA

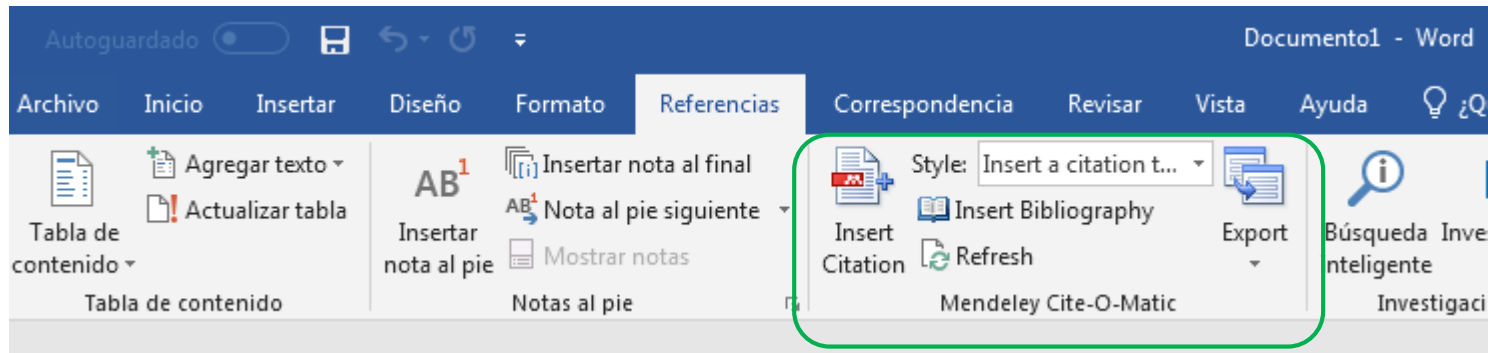

La mayoría de revistas cuentan con una plantilla bibliográfica disponible en los programas de gestión de bibliografía habituales como Mendeley

Mendeley Escritorio: CITAR Y CREAR BIBLIOGRAFÍA

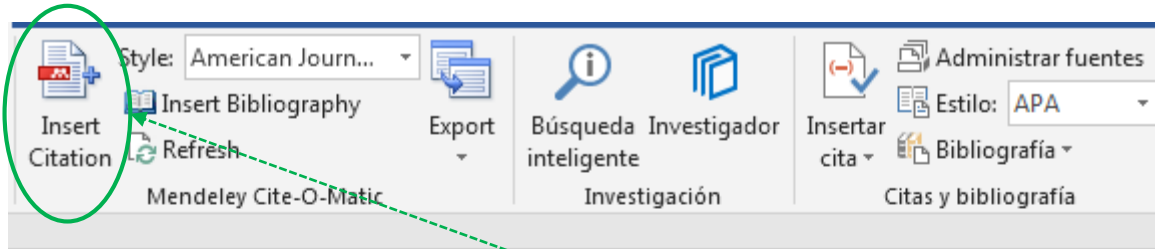

De forma independiente al estilo de cita que se seleccione desde el procesador de texto seleccionado se pueden ir insertando citas mientras se escribe un texto

Si se ha instalado correctamente se visualiza el siguiente complemento en opción de referencias (Word MS Office)

Mendeley Escritorio: CITAR Y CREAR BIBLIOGRAFÍA

Para insertar una cita

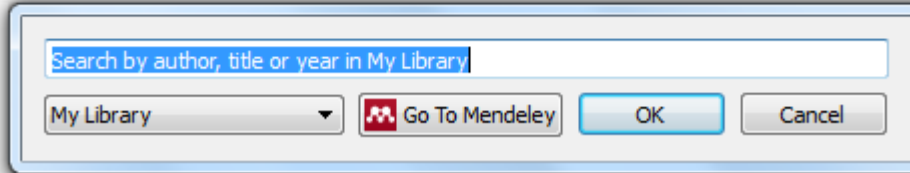

The prevalence of frailty in the community varies greatly. An international systematic review conducted in developed countries in 2012 reported values ranging from 4% to 59.1%. Another systematic review, performed in 2013, examined 14 developed countries in Europe and six less developed countries. In all countries, overall levels of frailty were higher among women, and there was an inverse relationship between frailty and education, and between frailty and economic level. However, differences were observed according to the health system available and the social support received.

Mendeley Escritorio: CITAR Y CREAR BIBLIOGRAFÍA

The prevalence of frailty in the community varies greatly. An international systematic review conducted in developed countries in 2012 reported values ranging from 4% to 59.1%. Another systematic review, performed in 2013, examined 14 developed countries in Europe and six less developed countries. In all countries, overall levels of frailty were higher among women, and there was an inverse relationship between frailty and education, and between frailty and economic level. However, differences were observed according to the health system available and the social support received.

Studies related to the prevalence of frailty in Spain are focused on cohorts belonging to a municipal entity ¹⁻³. Previously reported values for prevalence in Spain range from 8.4% measured in the Toledo study ², to the 27.3% found by the SHARE study ⁴. To our knowledge, no studies have been conducted to compare the presence of frailty between different regions, or that have included populations in both urban and rural areas.

Mendeley Escritorio: OTROS RECURSOS

Crear Grupos

The screenshot displays the Mendeley Desktop interface. On the left, a sidebar lists various folders and groups. The 'Groups' section is expanded, and the 'Create Group...' button is highlighted with a green circle. A green line originates from this button and points towards the 'Crear Grupos' text in the top right corner of the image. The main window shows the 'Create Group...' dialog box with the following content:

Create Group...

Create new group

Name your group

Public
Open discussion and reference sharing.

Invite-only
Public group – but only approved members can post.

Private
Closed discussion and sharing of PDF files.
